Its robust exterior design features a distinctive raised hood, aggressive grille, and clean, sculpted lines that define its commanding presence. The addition of the Black Exterior Pack gives the Defender a bold, contemporary look, with black accents on the grille, wheels, and trim that enhance its sleek, powerful stance. This model is designed to turn heads on the road and tackle challenging environments with equal ease, offering a blend of practicality and sophistication. Under the hood, the Defender 90 P300 S is powered by a 2.0-liter turbocharged four-cylinder engine that generates 296 horsepower and 295 lb-ft of torque. This engine is paired with an eight-speed automatic transmission, ensuring smooth and responsive acceleration. With impressive performance capabilities, the Defender reaches a top speed of 119 mph (191 km/h) and can accelerate from 0 to 60 mph (0 to 100 km/h) in just 6.7 seconds. This blend of power and agility makes the Defender 90 P300 S equally at home on highways as it is on rugged trails, offering an exhilarating driving experience both on-road and off-road. Inside, the Defender 90 P300 S is designed to be just as impressive, with a focus on driver comfort and advanced technology. The cabin features durable Resist and Resolve seats, engineered to withstand harsh conditions while providing exceptional comfort for both short trips and long journeys. The vehicle is equipped with a 3D Surround Camera system, which enhances visibility and provides a comprehensive view of the surroundings for added safety. This, combined with the electronic air suspension system, ensures that the Defender 90 P300 S can adapt to various terrains, making it the perfect vehicle for those who crave adventure without compromising on luxury. Whether navigating city streets or exploring remote landscapes, the Defender 90 P300 S offers a truly versatile and elevated driving experience.
