Retailer Comments

Beneath its sleek silhouette, the Evoque Dynamic SE is powered by a 2.0L turbocharged inline4 (P250), delivering 246hp and 269lbft of torque via a crisp 9speed automatic and permanent AWD, enabling a confident 0–60mph sprint in approximately 7seconds. Standard Terrain Response2, Hill Descent Control, AllTerrain Progress Control, Torque Vectoring by Braking, Dynamic Stability Control, roll stability and traction systems provide intelligent adaptation across road types and conditions. Practical capability is clear with trailer stability assist, electrical towing preparation, and a robust towing capacity near 4000lb (1814kg). The Evoque’s cabin immerses occupants in refined finishing touches—chrome gearshift paddles, satin chrome accents, illuminated treadplates, and grained leather facings—for an ambiance of urban refinement. Central to its control interface is the PiviPro infotainment system featured on an 11.4” touchscreen, paired with wireless Apple CarPlay and Android Auto, Bluetooth, SiriusXM satellite radio, and wireless device charging included in the Online Pack. A Meridian™ premium audio system, twozone climate control, heated steering wheel and heated mirrors maintain comfort in all conditions, while keyless entry and a power gesture tailgate add refined ease. The EVOQUE Dynamic SE is fortified with a comprehensive suite of safety tech: Adaptive Cruise Control, Emergency Braking with pedestrian detection, Lane Keep Assist, Blind Spot Assist, Rear Traffic Monitor, Traffic Sign Recognition and Adaptive Speed Limiter, as well as a 3D Surroundcamera system and front/rear parking sensors. EBD, ABS, roll and traction control enhance secure handling, while the Driver Condition Monitor supports serene and focused driving. Practical touches such as autodimming mirrors, rainsensing wipers, perimeter alarm, garagedoor HomeLink and a powered liftgate ensure effortless convenience and peace of mind.
