Powered by the responsive P250 2.0L Turbocharged I-4 engine, it produces 246 hp and 269 lb-ft of torque, offering a perfect balance of efficiency and spirited performance for the urban environment. This power is managed by a smooth 9-speed automatic transmission and standard Intelligent All-Wheel Drive, ensuring the Evoque remains composed and confident whether navigating rain-slicked city streets or snowy Canadian backroads. The cabin is a sanctuary of minimalist luxury, centered around the latest Pivi Pro infotainment system. The stunning 11.4-inch curved glass touchscreen provides intuitive control over all vehicle functions, while the standard 12.3-inch Interactive Driver Display offers high-definition navigation and performance data right in the driver's line of sight. Occupants are treated to a premium sensory experience with heated grained leather seats, a sliding panoramic roof that fills the cabin with light, and the immersive Meridian™ Sound System. Standard wireless charging and integrated Amazon Alexa ensure your digital life is always within reach. True to its Range Rover heritage, the Evoque P250 S boasts world-class capability in a compact frame. The standard Terrain Response 2 system automatically monitors driving conditions to select the most suitable terrain program, while All-Terrain Progress Control acts as a low-speed cruise control for challenging surfaces. Safety and driver assistance are paramount, featuring standard Adaptive Cruise Control, Lane Keep Assist, and a sophisticated 3D Surround Camera. Combining fashion-forward design with rugged DNA, the 2026 Evoque S is the ideal choice for those who demand prestige and versatility without compromise.
