Additional options included: Air Suspension Pack Black Exterior Pack Premium Upgrade Interior Pack 20" Wheels - Satin Dark Grey (Style 5098) Ebony, Windsor Leather Seats Cabin Air Purification Plus Air Quality Sensor 3-Zone Climate Control w/ Rear Cooling Assist The 2026 Land Rover Defender 110 P300 S remains the definitive choice for those seeking a rugged, go-anywhere SUV without sacrificing modern digital luxury. It is powered by a resilient 2.0L Turbocharged I-4 engine, delivering a stout 296 hp and 295 lb-ft of torque. This powertrain is perfectly matched with a smooth 8-speed automatic transmission and a twin-speed transfer box, providing the low-range gearing essential for serious off-roading. Whether navigating the deep snow of a Canadian winter or exploring remote trails, the standard Terrain Response® system ensures the Defender's legendary capability is always at your fingertips. The cockpit is dominated by a massive 13.1-inch curved glass Pivi Pro touchscreen—the largest in its class—complemented by a 12.3-inch Interactive Driver Display. Occupants enjoy an airy, open atmosphere thanks to the standard sliding panoramic roof, while heated 12-way electric memory front seats and a heated steering wheel ensure you remain comfortable regardless of the temperature outside. The 11-speaker Meridian™ Sound System provides a rich, immersive soundtrack for every expedition. The exterior of the 2026 Defender 110 S honors its iconic heritage with a purposeful, upright stance and signature details like the alpine lights and side-hinged tailgate. Practicality is baked into the design, from the durable rubber flooring that can be easily cleaned after a muddy hike to the 3D Surround Camera with ClearSight Ground View, which effectively lets you see "through" the hood to navigate obstacles. With a massive 7,700 lb towing capacity and a comprehensive suite of safety tech including Adaptive Cruise Control and Blind Spot Assist, the P300 S is as capable on the school run as it is in the wilderness.
