Retailer Comments

246 hp 2.0L Turbocharged I-4 Ingenium Engine | 269 lb-ft of Torque | All-Wheel Drive (AWD) with Terrain Response® 2 | 9-Speed Automatic Transmission with Satin Chrome Paddles | Fixed Panoramic Roof | Black Contrast Roof and Black Roof Rails | Powered Tailgate | 12-way Driver and 10-way Passenger Heated Electric Memory Front Seats | The 2026 Land Rover Discovery Sport Landmark 4WD arrives as a streamlined, value-heavy proposition for the Canadian market, acting as the singular, highly-equipped trim for the new model year. By consolidating the previous SE and HSE options into this exclusive Landmark Edition, Land Rover has packaged the most sought-after features—like the Fixed Panoramic Roof, Black Contrast Roof, and aggressive 19-inch Diamond Turned wheels—into one cohesive, adventure-ready silhouette. The interior sees a major modernization with the floating 11.4-inch curved glass Pivi Pro system, replacing the dual-screen setup of previous years for a cleaner, more intuitive aesthetic. For the Canadian family, the Discovery Sport Landmark remains the only vehicle in its class to offer an optional 5+2 seating configuration, while standard Terrain Response® 2 and a 5,511 lb towing capacity ensure it maintains genuine Discovery DNA. It is a sophisticated, versatile "right-sized" SUV that brings flagship Land Rover luxury to a more accessible, urban-friendly footprint.
