Retailer Comments

Additional options included: 20" Diamond Turned Wheels - Style 1086 All-Terrain Tires Khaki/Ebony, Perforated Ultrafabrics Seat Trim Tow Hitch Receiver Phosphor Bronze Front Brake Calipers Performance Non-Leather Steering Wheel Resist Gearshift The 2026 Land Rover Defender 110 P635 OCTA is the most powerful and extreme Defender ever created, engineered to be a "master of all terrains" from high-speed desert runs to technical rock crawling. At its heart lies a 626 hp twin-turbo V8 that delivers a supercar-rivalling 4.0-second sprint to 100 km/h. The definitive engineering feat of the OCTA is its 6D Dynamics suspension, which uses hydraulically interlinked dampers to virtually eliminate body roll on-road while allowing for unprecedented wheel articulation off-road. With its specialized OCTA mode and a massive 1.0-metre wading depth, this vehicle isn't just a luxury SUV—it is a precision-engineered weapon built for the absolute limit of Canadian exploration.
