Additional options included: Air Suspension Pack Black Exterior Pack Premium Upgrade Interior Pack Ebony, Windsor Leather Seats Black Contrast Roof 20" Wheels - Satin Dark Grey Cabin Air Purification Plus 3-Zone Climate Control w/ Rear Cooling Assist The 2026 Land Rover Defender 110 P300 S serves as the essential entry point into the world of legendary exploration, proving that you don't need a V8 to conquer the Canadian wilderness. While it sits as the base powertrain, the 296 hp turbocharged four-cylinder is no slouch, providing a balanced blend of efficiency and grit that still manages a 7,716 lb towing capacity—enough for a substantial boat or horse trailer. For 2026, the P300 S receives a massive interior upgrade with the standard inclusion of the 13.1-inch Pivi Pro curved glass touchscreen, ensuring this "rugged" trim feels anything but basic. The cabin is specifically engineered for the realities of outdoor life, featuring heated electric seats wrapped in windsor leather and rubber flooring for easy post-adventure cleanup. With standard Electronic Air Suspension providing a cloud-like ride over rough cottage roads and the peace of mind, the Defender 110 P300 S is a sophisticated, "go-anywhere" tool built for the modern Canadian family.
