Retailer Comments

Additional options included: Air Suspension Pack Extended Black Exterior Pack Premium Upgrade Interior Pack 20" Wheels - Gloss Dark Grey Contrast (Style 5095) The 2026 Land Rover Defender 110 P400 X-Dynamic SE is the definitive "go-anywhere" luxury tool, upgraded with a darkened, stealth-inspired aesthetic that sets it apart from the standard lineup. Underneath its rugged exterior lies the potent 395 hp mild-hybrid inline-six, which provides the low-end grunt necessary for technical off-roading and a massive 7,716 lb towing capacity. This isn't just a brute, however; the 2026 model comes standard with the high-definition 11.4-inch Pivi Pro curved glass interface and the highly coveted ClearSight rearview mirror, ensuring you have a digital, unobstructed view behind you even if the cargo area is stacked to the roof with gear. With Electronic Air Suspension and Terrain Response® 2 managing every surface, the Defender 110 X-Dynamic SE remains the gold standard for those who demand world-class refinement without sacrificing an ounce of legendary capability.
