Additional options included: Towing Pack Electric Intelligent Fold Third Row Seat Pack Powered Gesture Tailgate 18-Way Heated Driver Memory Electric Front Seats w/ Captains Armrest Four-Zone Climate Control The 2023 Land Rover Discovery P360 R-Dynamic S is the ultimate versatile family adventurer, offering a significant performance bump over the base 4-cylinder models. Powered by a sophisticated 3.0L Inline-6 with Mild Hybrid (MHEV) technology, it produces 355 hp and 369 lb-ft of torque, enabling this full-size 7-seater to reach 100 km/h in a respectable 6.5 seconds. Unlike many of its rivals, the Discovery comes standard with Electronic Air Suspension, allowing the vehicle to lower for easy entry or rise to conquer deep snow and off-road trails with a class-leading ground clearance of 283mm (11.1 inches). The R-Dynamic S trim adds a sporty edge to the Discovery's iconic silhouette, featuring unique bumper designs, Narvik Black accents, and a Black Contrast Roof that makes the vehicle stand out in urban environments. Inside, the "reductive" cabin design is anchored by the stunning 11.4-inch Pivi Pro touchscreen, which features a curved glass interface and stays constantly updated via over-the-air software. Families will appreciate the standard 7-seat configuration, tri-zone climate control, and a 12-speaker Meridian™ Sound System that ensures premium audio quality for every passenger. For the Canadian lifestyle, the P360 R-Dynamic S is equipped for every season. It features a heated steering wheel, heated front seats, and Land Rover's legendary Terrain Response 2 system, which automatically optimizes the engine, gearbox, and chassis to handle ice, mud, or sand. Safety is equally prioritized with standard Blind Spot Assist, Lane Keep Assist, and a 3D Surround Camera that provides a virtual bird's-eye view for effortless parking. With a massive 8,201 lb towing capacity and up to 2,391 L of cargo space, this Discovery is as much a luxury cruiser as it is a heavy-duty haulage tool.
